The 2025/26 marks the exciting new chapter of Mob Albion for many reasons. We've grown from 4 teams to 8 over the summer with 6 youth sides and now 2 senior men's sides.

When we were promoted ahead of the 24/25 season we knew that this day would come and now it's here we couldn't be more excited. We are delighted to welcome Steve and his coaching team to the club along with an almost brand new young & vibrant squad. The start of 2025/26 won't see a complete squad as this journey has only just begun for Steve & the team. However this transition was much needed to continue the longer term ambitions of the club.

"The Old Guard" will be remembered for how this club started and some of those players are now managing youth sides. This is great to see and we will continue to encourage old Mob players to start youth sides over the coming years. However now is the time to look forward with anticipation & excitement.

Hampshire Division One is a tricky league to navigate and there will be lessons to learn for this new squad. However we are confident that under the guidance of Steve and the wider coaching team this group will grow game on game.

To all those that cross the white line in the green of Mob you are part of our family now, we wish you all the very best and ask that you represent the club with integrity.

Finally, we welcome Rushmoor Community to King George Complex for today's game. We wish you all a safe journey and the best of the luck for the upcoming season.

All that leaves to say is enjoy the game, enjoy the season.

Steve Ellis - First Team Manager

Welcome to KGV Sports Complex for our First League Fixture of the Season against Rushmoor.

My Coaching team and I are delighted to be starting the new season at MOB Albion, as some of you know I have spent the last 5 years at Fleetlands managing the Reserves and the U18s. So the step up into Men's football was always the progression for me.

We collectively come to MOB as a whole squad, all my players from last season, my coaching team plus additional coaches have joined me ,so we have consistency already in our ranks, so I am hopeful we can keep the team progression, all the players bar the new ones know how we want to play.

Pre-season was good for us, its not about the winning but getting the players knowledgeable to the style in which we play, all the new players have been receptive to the challenge a head with some learning a new style all together. Its not about reinventing the wheel but we need to ensure that every player know what he should be doing, and more importantly why!

Minutes in legs is so important we want to hit the ground running this season and continue where we left off from last, and I am happy with all the prep work that we have done.

With the prep all done ready for the season ahead it is frustrating that a high number of our players are off to Fratton park , that with our First Choice (& only) Goalkeeper being out Injured disrupts us a little, Pagie is a lynch pin in how we play, not only with his hands but his feet as well, so to go into this game light on numbers is disappointing.

We are still recruiting and have a few players lined up to come and join us, hopefully we can get them over the line before we kick off.

If you are not heading to Fratton Park tomorrow and are looking for a football fix then come and support us at the KGV, its free to get in with refreshments available.

Enjoy the game.

Steve

Mike White - Reserve Manager

The last six weeks have been about building more than just match fitness we've been developing mentality, discipline, and resilience. Pre-season has given the lads minutes, sharpened their ability, and strengthened their understanding of the Gaffer's structure and philosophy.

We coach the Mob way clear roles, hard work, and a forward mentality. Every session is about developing players who think, adapt, and lead on the pitch. My aim is to help each player grow while ensuring we stick together as one unit.

I'm proud of this squad and the coaching staff who back each other all the way. This season we'll carry that unity and identity into every game representing Mob Albion with pride and showing exactly what we stand for.

Anyone who wishes to join is in for an exciting journey with a team of extremely experienced coaches who will not only develop you but guide you into a strong and purposeful football philosophy.

Mike White

Reserve Team Manager

My quote: Every session has a purpose, every player has a role, and every game is a chance to show the standard we live by.

MOB Albion Youth

The 2024/25 season marked an exciting new chapter for Mob Albion FC as we launched our first-ever youth teams. Our Under-8s, Under-10s, and Under-11s took to the pitch for the first time, proudly representing the club and laying the foundation for the future of Mob Albion Youth.

Each of our youth teams has shown incredible spirit, passion, and progress throughout the season. The Under-8s embraced their first experience in a Mob shirt with enthusiasm, developing their skills and teamwork week by week. The Under-10s demonstrated fantastic commitment, learning to play with confidence and determination, reaching the youth of the club's first cup final. Meanwhile, our new Under-11s grew as a squad, taking on new challenges and showing real promise for the seasons ahead.

This first season has been about more than just results, it has been about growth, enjoyment, and creating a positive footballing environment for young players to thrive. The support from parents, coaches, and the wider Mob Albion family has been invaluable, and we are proud of what we have built together.

With a strong foundation in place, we are excited for the future as we continue to expand and develop the next generation of Mob Albion players. This is just the beginning!

New Teams for 2025/26 Season

Mob Albion Football Club is proud to announce the continued growth of our youth setup for the upcoming 2025/26 season.

We're excited to welcome **four new youth teams** into the Mob Albion family, including:

- Under 7s Sunday (1) - Manager Alex Bone
- Under 7s Sunday (2) - Manager Bradley Mengham
- Under 8s team - Manager Jake Naylor
- Under 10s team - Manager Craig Newman

This expansion is part of our commitment to developing grassroots football in the community and providing more young players with a supportive, fun, and inclusive environment to grow their love for the game.

We'd like to thank our coaches, volunteers, parents, and sponsors for helping us continue to build something special.

Our Growth Plan:

- **Youth Development:** Each year, we aim to introduce new youth teams across various age groups, providing young players with a structured, supportive environment to develop their skills and love for the game.
- **Girls' Football:** We are committed to building a strong foundation for girls' football within our club, ensuring equal opportunities for all young players.
- **Women's Team:** As we continue to expand, our long-term goal is to establish a women's senior team, allowing us to provide football opportunities for all, from youth to adult levels.

First Team Home Venue

King George V FA Complex

The King George V Football Complex in Cosham is a state-of-the-art facility, boasting two pristine, full-size football pitches. It's a highly sought-after venue, regularly used by numerous local football teams for matches, training, and tournaments. The complex is designed to provide an excellent experience for both players and spectators.

If you're planning to come and support our teams, please note that all spectators are required to register with the FA (Football Association) prior to entry. This is a simple and straightforward process designed to ensure the safety and security of everyone on site. You can complete your registration quickly by visiting the following link:

<https://hampshirefa.first-sports.com/KingGeorgeV>

We kindly ask that you complete this registration before your arrival to help us manage entry efficiently and ensure you don't miss any of the action.

We're really looking forward to welcoming you to the King George V Football Complex for an exciting game!

Sponsorship Opportunities

Running a grassroots football club like **MOB Albion** is a real challenge. The costs of facilities, insurance, equipment, and kits quickly add up.

We're actively seeking partnerships with companies to help us continue providing football for our community for years to come. In return, we'll help you build your profile and reach a wider audience.

Sponsorship is a fantastic way to show your support for grassroots football, and we offer many options for your business to gain recognition. From **website advertisements** to features in our **match day programs**, we can tailor a package to suit your needs.

You could also **sponsor our match kits** for either the First or Reserve Team, or even our **training kits** for players and coaching staff, with your company logo prominently displayed on all garments. These are just a few examples; we have many more opportunities to promote your business that we'd be happy to discuss.

Any support, big or small, is incredibly valuable and truly appreciated. If you think your company can help, we'd love to hear from you!

Please email Steve.mobalbion@outlook.com for more details.
